(120mm)

## Vacuum-sealed Multi-staged Liquid Pump

Leak-proof design

## Competitors' Pumps

## Various Pumps & Function Interchangeable Pump System

### Drop Type

For all types of liquid Hand Sanitizer Gel, Alcohol Liquid Soap. This is our default pump.

### Spray Type

For Alcohol Sprays the alcohol on a wide surface of the hands. It applies evenly and prevents waste because no liquid is spilled out of the hands

### Foaming Type

For Liquid Soaps Foams the soap before dispensing. It uses less liquid soap and makes it easy to lather on the hands

**While our liquid pumps are very durable and reliable, these pumps are the most hardworking part of the machine. So no matter how durable it is, it will eventually wear out. We supply these liquid pumps and other components for your WORRY-FREE use!**
